Background Information

Adult & Community Education

Adult and Community Education (ACE) is a sector of the NSW post-secondary education system, along with TAFE and universities. It provides short, accredited and non-accredited courses in non-threatening and community based venues to enable people to acquire learning and skills throughout their lives. ACE is different because it is truly a community based education, owned and run by the local community. ACE is therefore able to respond quickly and flexibly to the needs of the community. ACE centres can teach almost anything from vocational to literacy to workplace training to hobby and leisure classes.

St George & Sutherland Community College

The St George & Sutherland Community College (SGSCC) operates as an independent incorporated not for profit organization which is also a Deductible Gift Recipient (DGR). It is now one of the largest Community Colleges in NSW.

The provision of adult and community education in the St George and Sutherland area goes back to the 1930’s when a centre was operating in Hurstville. The Port Hacking Centre began operations in the Sutherland Shire in 1958 with amalgamation of the two regions occurring in 1988.

The College enrols upwards of 11,000 students each year in over 400 classes offered each term, in varied leisure, vocational and educational classes offered during the day and evening in more than 20 venues. The College's specialised staff is also involved in the design and delivery of programs for people with disabilities, youth, seniors, people from non-English speaking backgrounds, long-term unemployed, educationally disadvantaged and specific workplace training.

The College may receive funding from the NSW Government through the Adult & Community Education Unit (ACE Unit), NSW Department of Education, NSW Department of Industry, Skills and Regional Development, NSW Department of Family and Community Services through Ageing, Disability & Home Care (ADHC).

SGSCC is managed by our Principal / CEO and the College is governed by a College Board.
SGSCC – A Registered Training Organisation

SGSCC is a Registered Training Organisation (RTO) No 7091, registered in NSW by the Australian Skills Quality Authority (ASQA). ASQA is the national regulator for Australia’s vocational education and training (VET) sector and regulates course and training providers to ensure nationally approved quality standards are met. SGSCC is accredited to provide training and recognition services according to its Scope of Registration within the Standards for Registered Training Organisations (RTOs) 2015.

SGSCC is registered to:

- Deliver training and conduct assessments
- Issue nationally recognised qualifications in accordance with the Standards for Registered Training Organisations (RTOs) 2015.

SGSCC is also an approved VET FEE-HELP provider.

What is the Standards for Registered Training Organisations (RTOs) 2015?

- The Standards for Registered Training Organisations (RTOs) 2015 is a set of nationally agreed standards that:
  - Ensures the quality of vocational education and training and training services throughout Australia
  - Ensures all Registered Training Organisations and the qualifications they issue are recognised nationally.

Qualifications

St George and Sutherland Community College is registered to deliver training, assess competency and issue Australian Qualifications Framework (AQF) qualifications. (See Appendix A for an overview of the AQF)

All training programs delivered and all qualifications issued by SGSCC are in respect of training packages or nationally accredited courses.

Training Packages and Accredited Courses

Training Packages are sets of training materials that have been developed by industry to standardise vocational education and training around Australia. They replace various state and territory VET courses and lead to nationally recognised qualifications. Nationally endorsed standards (within these training packages) describe the skills and knowledge needed to perform effectively in the workplace.

Accredited courses are structured and sequenced vocational education and training courses.
Nationally Recognised Training

An AQF Certificate or Statement of Attainment issued by a Registered Training Organisation assures that students are competent in the standards set by industry. A nationally recognised VET qualification (indicated by the Nationally Recognised Training [NRT] logo) means that students have portable skills and qualifications that will mean something right around Australia.

Nationally Recognised and Accredited courses are identified in the College brochure by the Nationally Recognised Training Logo. Being nationally recognised ensures a high quality of course delivery along with portability of qualifications that are recognised by employers and Registered Training Organisations throughout Australia.

Structure of Courses

In general, courses are usually divided into various subject areas. Depending on which course you are undertaking, these subject areas are called units of competency (from a training package) or modules (from an accredited course).

Within each unit of competency (or module) there is a series of learning outcomes that reflects the skills or competencies that you need to be able to demonstrate competence in, in order to satisfy the assessment requirements.

Competence and Competency Standards

Competence can be defined as the skills and knowledge required to perform the tasks a job requires to the standards demanded by industry.

Competency standards (also referred to as national industry/enterprise competency standards) are national standards that set out the work skills and knowledge required for effective performance in the workplace and are defined by industry. Competency standards are an endorsed component of training packages or where no training package exists, as the basis for defining the learning outcomes of an accredited course.

Assessment Guidelines

Assessment against competencies will be conducted in accordance with the assessment guidelines and competency standards of the appropriately endorsed training package or accredited course.

Students will be issued with a course outline containing details of all outcomes to be assessed within a unit of competency or module. Specific assessment criteria relating to individual courses will be available from the trainer.
Assessment

Assessment tasks are conducted using various methods, but generally take place by way of assignments and practical exercises. However, details of specific assessment tasks (in relation to a specific course) will be specified in ‘Student course information’ relevant to each course, which is handed out at the beginning of a course.

To demonstrate competency a student must show that they are competent in all units of competency or learning outcomes (as the case may be). Consequently, assessment tasks will measure all necessary competencies.

The assessment process will be valid, reliable, flexible and fair.

Assessment Results

A student is deemed to be competent when all outcomes have successfully been completed within a unit of competency or module.

The stated assessment outcomes in competency based courses are:

- Competent: when the student can demonstrate competency in all learning outcomes
- Not Yet Competent: when the student has not yet demonstrated competency in all learning outcomes

A student who fails to demonstrate competency in an assessment task can re-attempt that assessment task once, without having to re-enrol in the course. Such re-attempt shall be organised with the relevant trainer.

Appealing an Assessment Decision

If you are dissatisfied with the assessment result received you are entitled to have your assessment task reviewed. Appeals must be made within fourteen days of receipt of your assessment result. The mechanisms of appeal are as follows:

1. You must ask for a review of a marked assessment task by writing to the Manager – Business & Vocational Training seeking a formal review and completing the ‘Appeals Against Assessment Result’ form (See Appendix B Appeal against Assessment Result) which is available from the VET department.
2. Once an appeal (in writing) has been received, the College will arrange for the assessment task/answer to be reviewed. The Manager – Business & Vocational Training will consider the appeal application in consultation with the VET course trainer and an independent person/panel.
3. You will be advised of the result of the assessment appeal in writing within fourteen days.
4. If, after review, you are still dissatisfied with the assessment task result, you can appeal to the Principal of the College for a further review, by completing and forwarding the “Appeal against Assessment Review” form (See Appendix C Appeal against Assessment Review) for a second appeal. This second appeal must be lodged with the College within fourteen working days of the receiving results of their first review. The Principal will then arrange to review the assessment result (in consultation with another member of staff) and will then advise you of the decision.

5. If you are still not happy with the result you can contact ASQA (visit www.asqa.gov.au)

**Completion of Assessment Tasks (eg. Assignments)**

Where an assessment task requires completion out of class time (eg. Assignments), a final date for submission of the task will be set by the trainer.

All completed assessment tasks, with the appropriate Assignment Cover Sheet, are to be forwarded to:

St George and Sutherland Community College  
PO Box 404,  
JANNALI NSW 2226

Attention: Vocational Sales Administrator

Please DO NOT mail to the College physical address.

It is your responsibility to keep a copy of your submitted work in case of any actions beyond the control of the College (eg: lost in the mail). Please note that the College cannot accept facsimile or e-mail copies of assessment tasks.

Students are also required to sign a statement on each Assignment Cover Sheet stating that the work done in the assessment task is their own work and not the work of any other student or person.

**Plagiarism and Referencing**

Plagiarism is the act of passing off another person’s work as that of your own. Examples include copying the work of another person or summarising the work of another.

Any student found plagiarising work will receive a non-completion result in the unit of competency or module attempted. Any person who knowingly aids another person to commit plagiarism will also receive a non-completion result as if they themselves had committed plagiarism.

If you quote from a text, website etc in your assessment tasks you are required to reference where you sourced that information including author or publisher, date of publishing (year) or viewed on website, name of publication and page number. This is stated immediately after the quotation. For example ‘You do not lead by hitting people over the head. That’s assault not leadership’ (Cole,K, (2013) Management Theory & Practice Edition 5, p. 255).
Recognition of Prior Learning (RPL) and Recognition of Current Competencies (RCC)

St George and Sutherland Community College recognises that you may be able to demonstrate a particular competency on the basis of prior learning, skills gained in the workforce, or skills otherwise gained.

Recognition of Prior Learning (RPL) can be granted if you can demonstrate competency in all the performance criteria in the elements of a particular unit of competency (from a training package) or all of the learning outcomes in a particular module (from an accredited course).

Students must apply for RPL no less than two (2) weeks prior to the commencement of the course. (See Appendix D for further detail).

If you think you may be eligible for RPL in a prospective course you can pick up an RPL Information Package from the College Office or ring the Manager – Business & Vocational Training on (02) 9528 3344 to discuss your suitability. Supporting and current evidence must be submitted with your application. It is the student's responsibility to provide the evidence to support their claim for RPL.

Appealing against an RPL decision
The RPL applicant may appeal against an RPL decision they consider unfair. In such circumstances the RPL applicant will need to state their case with any new evidence to the RPL Assessor, Manager – Business & Vocational Training and College Principal. The same process as described in the previous section “Appealing an assessment decision” applies.

Mutual Recognition

St George and Sutherland Community College recognises Australian Qualifications Framework (AQF) qualifications and Statements of Attainment issued by other Registered Training Organisations (RTO) where the Training Package guidelines allow it.

If you have a current qualification from another Registered Training Organisation (RTO) that you wish to seek credit for (towards a course offered by SGSCC) you can apply to the College for recognition of this achievement, including Credit Transfer where appropriate. (See Appendix E)

You must make this application within one week of the commencement of the course. Supporting evidence must be submitted with your application. Original documentation must also be sighted and verified by the College. You will be required to give your permission for SGSCC to contact the issuing registered training organisation to verify your qualification.

Access and Equity

The College follows the principles of Equity and Diversity as core components of all the College practices ensuring all people involved in the College have equal opportunity and access. Equity and Diversity are inclusive and allow us to recognise that both differences and similarities play a big role in our College Community. The College values those things that make us different and uses them as opportunities to work and learn together to improve the College Community. The College is committed to the Disability Standards for Education 2005. All people have a right to Lifelong Learning.

The NSW Government Charter for Equity in Education and Training provides principles which are the basis for achieving equity in vocational education and training. These principles include:

- Everyone being entitled to high quality education and training programs that provide recognised credentials and clear pathways to employment and lifelong learning
- The diversity of the population is recognised and valued by inclusive approaches to the development, conduct and evaluation of programs

Child Protection Policy

Although the College is largely an adult education facility, minors under the age of 18 are periodically present on College owned or leased property. The College has a policy requiring all staff to sign a Prohibited Employment Declaration and a Working with Children Check stating
that they have no prior convictions that would preclude them from working with children. If there are minors in your class (unless you are the parent or guardian) please ensure that you are not left alone with them on College owned or leased property. This is for your protection against unjust or spurious accusations as well as for the protection of the minor.

**College Membership and College Board**

Membership of the College is open to all students with the payment of a fee of $5 per annum. This entitles a student to a vote at Annual General Meetings and to nominate as one of the five elected members on our College Board (should you so desire). It also ensures that you have a mailed copy of our brochure each term for twelve months.

**Commitment to Quality**

The College is committed to excellence and consistent standards of service. SGSCC embraces Quality Assurance and supports the process of continuous improvement. The college systematically reviews its policies and procedures, products and services to generate better outcomes for clients and to meet changing needs. Continuous improvement involves collecting, analyzing and acting on relevant information from clients and other interested parties, including the College’s staff.

RCC/RPL Information Sheet

What is Recognition of Prior Learning?
Recognition of Prior Learning (RPL) is the acknowledgment of skills and knowledge obtained through:

- Formal training *(St George and Sutherland Community College recognises AQF qualifications/Statements of Attainment issued by other RTO’s)*
- Work experience
- Life experience
- Or other means

Why complete an RPL/RCC process

- Eliminate or reduce the duplication of learning
- Gain a fairer access to studies
- Increase your career & education options through the mobility of your training & credentials
- Reduce the cost of the training you wish to undertake

How do you apply for RPL?
1. Find out about the course that you want to study.
2. Request an RPL Suitability Questionnaire and identify whether you already have the skills, knowledge and attitude of the relevant Units of Competence. (Fee applies)
3. Speak to St George and Sutherland Community College staff and ask for an RPL Instructions document and an RPL Application Template for the relevant course you are interested in. (Fee applies)
4. Submit the portfolio for assessment

How much does it cost?
The first stage of evaluation of the preliminary self-assessment tool completed by the student will incur a flat fee of $100.00, which will be deducted from the RPL Application fee should you decide to go ahead with the RPL process.

The RPL Application fee will be depending on the number of Units of Competency and must be paid before the RPL Application can be made available. If you have paid for the Suitability Questionnaire, this amount will be deducted from the RPL Application cost. Please note this fee is not redeemable if you are deemed Not Yet Competent.

How long will it take?
- Time frames will greatly depend on your ability to manage your time and work will depend on the outcome of the Application submission and, if required, you will be allowed to re-submit once. Time frames for the re-submission will depend on your agreement with the Manager – Business & Vocational Training or the assigned Assessor

How will I be notified if my application is successful or not?
- The Manager – Business & Vocational Training or the assigned Assessor will contact you to provide you with the relevant feedback.
- Should your application be successful, a Certificate or Statement of Attainment will then be issued.

Can I appeal if I do not agree with the result of my application?
- You may appeal an assessment decision by forwarding a letter requesting the relevant Appeals forms to submit to the College. Please consult the VET Student Handbook. Staff will follow the SGSCC appeals procedure by reviewing the decision and advising you in writing.
Contact our Manager- Business & Vocational Training, for more information on (02) 9528 3344.

Appendix E
SGSCC Mutual Recognition of Qualifications

St George and Sutherland Community College recognises Australian Qualifications Framework (AQF) qualifications and Statements of Attainment issued by other Registered Training Organisations (RTO), in accordance with the Training Package Guidelines. If you have a current qualification from another Registered Training Organisation (RTO) that you wish to seek credit for (towards a course offered by SGSCC) as long as the relevant Training Package Guidelines allow it, you can apply to the College for Credit Transfer recognition.

You must make this application within one week of the commencement of the course. Supporting evidence must be submitted with your application. Original documentation must also be sighted and verified by the College. In addition, your qualification will be verified by the issuing registered training organisation.

APPLICATION FOR CREDIT OF CURRENT QUALIFICATION

Credit Transfer is given for a subject satisfactorily completed at another Registered Training Organisation (RTO) where the content and objectives of that subject are sufficiently the same as those for the present subject – that is, the evidence presented is of the same standard as that required in the benchmark and Credit Transfer is allowed according to the Training Package Guidelines.

For example:
A student attends another RTO (eg: TAFE) and successfully completes CHCECE010 – Support the holistic development of children in early childhood and attains a Statement of Attainment from Certificate III in Early Childhood Education and Care with that organisation in October 2014. The student now wishes to finalise the full qualification and attends SGSCC to complete the remaining units of competency.

The student provides the original transcript and Statement of Attainment (which is sighted and verified by SGSCC). The student obtains a Credit Transfer for CHCECE010 – Support the holistic development of children in early childhood, successfully completes the remaining units of competency from the full qualification (at SGSCC) and obtains a Certificate III in Early Childhood Education and Care.
